Setting up your m:robe

Charging the battery

1. Connect the AC cord to the AC adapter.
2. Connect the AC adapter to the DC IN 5V jack of the cradle.
3. Plug in the AC cord to a wall outlet.
4. Place your m:robe in its cradle.
Charging starts. The charging display appears and the LED of the device blinks.
After charging, the LED and the CHARGING display disappear.

Installing the supplied Music/Photo Organization Software "m:trip"

① Turn on your PC and insert the supplied CD-ROM into the CD-ROM drive.

The screen below appears.

② Click the [m:trip] button.

After the Install Wizard screen appears, follow the on-screen instructions.

③ Click [Finish] when the InstallShield Wizard Complete screen appears.

Installation of m:trip is complete.

If you are prompted to reboot your PC after installation, reboot your PC.

To run m:trip

① Double-click the m:trip icon on the desktop to start the software.

You will need to register your m:robe in the user registration screen when using "m:trip" for the first time.

For details on operations and instructions for "m:trip", refer to the online Help. To browse the online Help, click [Help] at the top of the m:trip screen.

Importing music to m:trip

You can import music from audio CDs.

① Insert an audio CD into your PC.
m:trip runs automatically and the screen below appears.
② Click the [Import from audio CD] button on your PC screen.

Importing of the audio CD starts.

Transferring music to your m:robe
